ELBA'S NEW ICE PLANT NOW OPEN FOR BUSINESS; WILL HAVE TEN TON CAPACITY; COLD STORAGE PLANT TO BE BUILT

The Elba Ice & Cold Storage Company announces the opening of its ice plant, at the old Comer mill site on Beaver Dam creek. For several weeks the plant has been ready for operation but on account of the extremely low water the machinery could not be put in action. The plant will be run by water power except at low water season, and a large oil engine will be installed to take care of the plant in emergencies.

The new plant has a capacity of ten tons of ice per day and will have a ten ton cold storage capacity, work already having been started on the cold storage plant. According to Mr. Leon K. Pulliam, the owner, the plant will be in full operation at all times in the future.

The opening of the ice plant and the cold storage plant will mean much to the people of the county, and we predict that the plant will have the undivided support of the people of the town. Mr. Pulliam has moved to Elba to make this his home, his plant has been installed by Elba labor and all materials that could be bought here have gone in making this a home industry.

Mr. Pulliam has an advertisement in today's paper about the opening of his plant, and the price of ice will be 50 cents per hundred pounds at the plant. At this small cost everyone can afford the use of ice. Mr. Pulliam yesterday brought several blocks of ice to town and left them out for inspection, and it was The Clipper's good fortune to have one left in front of the office. These blocks are the first to be taken from the vats, and on account of delays in the operations they are not as firm all the way through as they will be after the plant is running good, still they measure up to the standard of quality that Elba people have been using, and are made from pure water out of a deep well at the plant.

It is good news to Elba people to know that Mr. Pulliam now has his plant in operation, and every one wishes him a full measure of success.

ELBA PLAYS ANDALUSIA TO A TIE HERE LAST FRIDAY.

The Elba High School football squad played the Andalusia eleven to a tie on Friday afternoon, in the first game of the season on the local field. The local boys, most of them first year men, showed up well throughout the game, and it was a surprise to many that the Andalusia boys did not pile up a big score on them. With a little more work and coaching the team will be in shape to make a good showing.

It is understood that Geneva will play here on next Friday afternoon at 3:30 o'clock. All who are interested in athletics should come out to the games and encourage the boys.

PREACHING AT BAPTIST CHURCH SUNDAY.

Rev. S. A. Taylor, of Sylacauga, Ala., will preach at the Elba Baptist church next Sunday, both at the morning and evening hours. The public generally and the members of the church especially are invited to attend these services.

BAPTISTS OF COUNTY HAVE GREAT MEETING AT NEW BROCKTON

One of the finest meetings ever held by Coffee County Baptists was the day of prayer and fasting last Wednesday the 24th at the New Brockton Baptist Church. It was a most spiritual meeting from the very beginning. Every heart was very much in earnest about the great work of Southern Baptists and the world for this fall and winter. The sermons and addresses were fine and the seasons of prayer were most inspiring experiences indeed. All proclaimed the closing period to be one of the very highest points in the Christian experience.

Because of this day of prayer and fasting, many of the leaders now believe that God is going to give us a great victory in the closing period of the Campaign in the Coffee County Association. The task looks large—Twelve Thousand Dollars to be raised in a little over two months. It is indeed a huge task when viewed from the standpoint of the gifts from this Association in the past.

But when we consider further we find that it is a little less than \$3.00 per member for the Association. Not much if every one would help. Of course many cannot give any thing but still the task is not insurmountable.

And a most encouraging thing about the present hard task is that it falls right in the marketing time of one of the biggest crops Coffee County ever made—and more than that, the prices are very respectable. Coffee County Baptists are going to pay this \$12,000.00—our little orphans will not have to suffer—our old ministers will not suffer—our great State Mission work will not be curtailed—our Foreign Missionaries will not have to return home—these volunteers for foreign mission work will not have to stay at home—God has made us able and Coffee County Baptists along with Southern Baptists will have victory.

FARM BUREAU NOW ARRANGING FERTILIZER BUSINESS FOR NEXT YEAR; KINSTON FARMERS HAD GOOD MEETING SATURDAY

Last Tuesday, the executive committee of the Coffee County Farm Bureau held a meeting in regard to arranging for the new fertilizer business of next year. Orders are now being taken for nitrate of soda January delivery, and as the prices for this month's delivery, if order is given now, will probably be the lowest between now and next September, we urge all farmers to place their order now with one of the directors of the Farm Bureau or mail order with \$5.00 per ton deposit direct to the Coffee County Farm Bureau at Enterprise. This office will receive all orders from all parts of the county. Orders in the Elba territory may be handed to Dr. Braswell, and at Kinston to Dr. Belfontaine, or they may be mailed direct to the County Farm Bureau office, at Enterprise.

Good Fertilizer Meeting Held At Kinston Saturday.

Following the meeting of the executive committee at Elba on Tuesday of last week, the farmers of Kinston territory met last Saturday afternoon and pooled their orders for nitrate of soda for next year. A fine meeting of business farmers was all that the affair could have been called, and those Kinston farmers are thoroughly loyal to their organization, and I have never seen a better spirit of co-operation in any county or state than is manifested on all occasions by the farmers around Kinston. Several farmers came ten miles to that fertilizer meeting Saturday. They all proclaimed the merits of the Farm Bureau and Auburn fertilizer methods and reported that if they made any changes this next year it would be to double the dose.

Rye and oats are good cover crops but they are not legumes and do not, therefore, enrich land like hairy vetch.

The wealthy farmers in any state, county, or community are those who have rich land. Winter legumes make rich land.

Good terraces increase the value of land \$5.00 per acre, according to Government records. Frequently it is much more. Now is a good time to terrace.

The Government now offers to give Alabama farmers a good explosive for ditching, blowing up stumps, and other explosive purposes if they will pay cost of distribution, carting and freight. See your county agent about it.

IT'S STILL A GOOD ONE.

Here is an old one, but still a good one, and we feel sure many readers of the News will get a laugh out of it, or at least appreciate the joke. It is related that a Georgia editor got tired of people asking him for birds on printing, instead of turning the job over to him and telling him to go ahead, and do it at his regular price. So he inserted this ad in his paper:

"On January 1, I will be in need of the following: Two pairs of socks, one silk for Sunday use; one pair of good wool pants; six white handkerchiefs for use when needed; one neck of good, unsprouted potatoes; two pounds of round steak; some souvenir post cards with local views; one gallon of syrup. May also be in the market for an appendicitis operation for my wife. Parties wishing to bid on these supplies should send in sealed offers, with full particulars as to discount for cash and self-addressed envelope for reply in case bid is accepted."—Opp Weekly News.

Gained Ten Pounds

Mrs. George S. Hunter, of Columbus, Ga., says she suffered severely with female troubles.

"I had to go to bed and stay sometimes two weeks at a time," says Mrs. Hunter. "I could not work. My system was irregular and I got very thin. I went from 125 pounds down to less than 100. My mother had been a user of

CARDUI

THE "POULTRY BUSINESS" VS. "RAISING POULTRY."

Many a good man has brought on failure by excessive enthusiasm in going into the "chicken ranch" business.

Nevertheless there are thousands of farmers who are paying their grocery bills by just "raising poultry."—There's lots of difference in "going into the business" and "raising just enough."

It will be decided next Sunday afternoon at Liberty as to the time of holding the revival. We want to have the most convenient time for the most people, and if the first Sunday does not suit best, it will be placed at the time most convenient. Brother Hicks will do the preaching. He has just returned from a trip to Reform, Ala., where he has been visiting his daughter and others.

Mrs. W. R. Hicks, a member of the Elba church, has just returned from Carrollton, where she visited her parents. This pastor knew them before they were married.

Next week will be Children's Week in the Sunday School. All teachers are expected to visit each pupil of their respective class during this week. The week will end on the following Sunday with an appropriate program by the school. Go-To-Church campaign, which is being put on by the Federated churches of America. This campaign is to last till Easter of next year, and during this time people are urged to make special efforts in church attendance. What a difference there would be if everybody would go to church like they go to everything else that comes along. Even the patent medicine man with all his paraphernalia, and everybody can draw a street full of people every night in the week. Be one of many to go and take your family to church every Sunday.

One month and conference will be here. There is a great deal to be done during this month. Let everybody have a joyful heart, and everybody hand to make a good report.

On account of the rain there was no service at Ham's school house on last Sunday. This service will be held on the second and Sunday at 3:00 P. M. in October.

Next Saturday, October 4th, is "WORK DAY" at our orphanage. On the following day, the first Sunday in October, we are asked to give the price of one day's labor to these little tots who are put in our hands. Be as liberal as you can. It will take barrels of syrup for this year. If you will put a container at the mill in your community and ask everybody to donate a gallon or more, we can centralize at the orphanage, it would be a great help.

FARMERS SHOULD PLACE ORDERS FOR SODA NOW; AGENT WILL HELP FIGURE YOUR FERTILIZER NEEDS; VETCH NOTES

The Coffee County Farm Bureau Executive Committee met again in Elba last Friday morning and arranged for a limited tonnage of Nitrate of Soda, which was sold to the Alabama Farm Bureau. This price represents the low price of the year and as the farm bureau only has a small tonnage guaranteed at the extreme low price, it is highly imperative that you get your wants in now. Send check for \$5.00 per ton as a deposit on your tonnage to the Coffee County Farm Bureau at Enterprise, or else turn your checks over to Dr. Braswell at Elba or Dr. Sutherland at Kinston. Any director of the county organization may also receive checks for nitrate of soda, but all checks for nitrate of soda should be in this office within 30 days. Of course it is understood that the remainder of the purchase price per ton will be collected when the soda is delivered. January will be the month that most of the soda will arrive.

Now Is The Time to Figure Your Fertilizer Formulas For Next Season.

Every farmer should begin figuring his fertilizer needs now for next spring. If you will write this office the kind of soil you have, whether a stiff or sandy nature, etc., and give us some idea as to the number of acres in each crop to be fertilized, we will figure out for you the best mixture of the several fertilizing materials for your particular soil and crop. This should be done now, and if you place your order with the farm bureau now, they can save you money on your next year's fertilizer needs.

The new day officials of Elba, or we should say the old ones all of whom were re-elected, started on the new administration when they met on last Monday afternoon, and organized for the term.

Attorney J. C. Fleming was elected as the City Attorney and Mr. O. D. Rowe was elected as Treasurer for the term. All other officers now serving the town by appointment from the mayor and council, were retained.

The administration just closed has been a very successful one, and as the same officers are the same, it is hoped that the coming two years will be just as successful.

Hairy Vetch Notes.

Rhyne Brothers, of Benton, Alabama, who have shipped us soil for inoculation purposes, say that a great mistake is made in planting vetch too early, and they recommend early.

November 1st as about the best time for our section. A good season is deemed absolutely necessary before the seed are planted. They recommend rich soil, seed and all inoculation in tub, wetting well, and after thorough stirring, pour into sacks and hang up in barn few hours before sowing.

MRS. N. C. RUSS, ONE OF COFFEE'S BELOVED WOMEN, DIED FRIDAY

Friends throughout the county were deeply grieved on last Friday, October 3rd, when news was received of the death of Mrs. Nancy Caroline Russ, one of the county's most widely known and beloved women, whose death came suddenly at her home near Calvary Church between Enterprise and New Brockton.

Mrs. Russ was eighty-one years of age, having been born on June 14, 1843, and for one of her years was in very good health and was able to attend to her duties the day before her death. Her sudden passing was a great shock to the family and friends. She had been a life-long resident of Coffee county and numbered her friends by those who knew her.

Mrs. Russ is survived by the following children: Mrs. T. T. Brooks, Mrs. M. W. Golf, Mr. L. P. Russ, of Enterprise, Mrs. J. E. Engram, of New Brockton, Mr. M. C. Russ, of Elba, and Mrs. Carl Nelson, of Birmingham. Three children preceded her to the grave. Besides these she leaves thirty-four grand children and twenty-two great-grand children to mourn her loss.

The funeral services were held on last Saturday, October 4th, having been conducted by Revs. S. F. Lowe and H. C. Thaddeus, of Enterprise, and the Rev. J. C. Kersh, of Elba. The body was laid to rest in the cemetery at Calvary Church, the pall bearers being six of her grand-sons: J. E. Engram, of Enterprise, Ga.; Dewey and John D. Russ and Carl Brooks, Enterprise, and Ralph Engram, Waycross, Ga.

In the passing of Mrs. Russ the county loses one of its pioneer citizens, the family loses a loving mother, and the community a friend, whose life was a life of usefulness and deeds worthy of commemoration. The family has the sincere sympathy of scores of friends in their sorrow.

NEGRO IS CHARGED WITH KILLING MOTHER-IN-LAW.

Troy, Ala., Oct. 4.—Robert Thrasher, a negro, is in the county jail awaiting investigation by the grand jury on the charge of killing Sarah Bessent his mother-in-law.

It is alleged he smashed the woman's skull with a hatchet, killing her instantly. When Sheriff Carroll received notice of the crime Wednesday he traced a trail of peculiar shoe tracks to the home of Thrasher where he found the negro in a drunken sleep. When aroused Thrasher denied all knowledge of the crime.

His bloody jumpers, and shoes are being held as evidence for the grand jury.

Miss Jimmie Horn was the guest of her parents, Mr. and Mrs. J. W. Horn, of Brantley, for the week-end.

Mr. and Mrs. W. T. Avittman and children and Mrs. Ben Conner, Sr., spent Thursday night in Dothan. Mrs. Conner remaining for a visit.
